

February 9, 2024

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2022-23 educational progress for Flex High – Burton. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Principal Angela Green-Izzo for assistance.

The AER is available for you to review electronically by visiting the following website <u>Flex High - Burton Annual Education Report</u>, or you may review a copy in the main office at your child's school.

For the 2023-24 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

In the post-COVID era, we continue to identify students with learning gaps by administering NWEA MAP testing bi-annually and utilizing other state aligned formative measures of academic proficiencies. The data we get from these academic measures is used to drive our instruction and allow us to personalize an educational plan to meet each student's unique academic needs.

State law requires that we also report additional information:

- 1. Student Assignment: Flex High School, Burton is an alternative charter high school that has open enrollment. Our students come to our school from the greater Flint community and from around Genesee County.
- 2. School Improvement: Flex High School, Burton strives to improve student achievement through professional development for the staff, student engagement, and parent support in our school. This constant cycle of

monitoring and improving our student's learning is defined in our formal Michigan Continuous Improvement Plan (MICIP). Our improvement plan targets not only academic growth targets, but also looks at staff, student, and parent surveys to maintain Flex High-Burton as a school of excellence. All students at Flex High-Burton are given the NWEA MAP assessment in math and reading twice per year along with additional standards aligned formative measures to assess academic levels of proficiency. We use this data to drive the individualized instruction that each student receives. Our goal is to have students demonstrate proficiencies on the NWEA and SAT/MME state tests and produce career and college-ready students with 21st century skills. We are proud to support a child-centered learning environment and an academically rigorous curriculum. We are focused on partnering and preparing students for post-secondary transition in alignment with their college and career goals.

- 3. Flex High School, Burton is a specialized school that focuses on drop-out recovery and students that are considering dropping out of school.
- 4. Curriculum: To review the FHM curriculum guide documents, please contact the principal, Ms. Angela Izzo. The curriculum at Flex High Burton is aligned with the Michigan state standards and Michigan Merit Curriculum.

5. Student Achievement:

- 6. Parent Engagement: Flex High School, Burton has an enrollment of 229 students. Due to our unique model and focus on drop out recovery we have a continuous parent/teacher contact model. Parents are updated monthly on the status of the student and the students' progress. We offer parent-teacher conferences at the parents' request year-round.
- 7. Flex High-North Burton does not currently have any dual enrolled students, advanced placement, IB, or students that will receive college credit as a result of course completion.
- 8. Flex High School of Michigan at our Burton campus continues to be committed to the academic growth of our students. We will continue to use the NWEA MAP testing and other standards aligned formative assessments to identify areas of growth and proficiency and diligently use that data to direct instruction. With the support of parents like you, we will reach our goal of

helping students achieve the highest level of academic success. We welcome your questions, suggestions, and comments about our school and school improvement. You can reach me at (810) 852-4479.

Sincerely,

Angela Green-Izzo

Principal

Flex High School of Michigan
